SUBJECT INDEX

C_{12}–C_{30} n-Alkylbenzenes in crude oils 1, 1
Alkylbenzenes, C_{12}–C_{30} petroleum - with regular isoprenane chains 4, 217
Anisotropic structures, formation of - during heat-treatment of pyrolytic pitch fractions 3, 201
Anthracene, kinetics and selectivity of oxidation of saturated hydrocarbons in sulphuric acid media containing - and cyclohexane oligomers 1, 19

Benz(a)pyrene, inhibition in combined liquid-phase photochemical oxidation of - and some polycyclic arenes 3, 156
Benzene, interaction of - with propylene and di-isopropylbenzenes in hydrogen media on bifunctional zeolite catalysts 2, 98
Bromination, mass-spectrometric study of products of selective - of vanadylporphyric cuts of petroleums 2, 117

Carbonyl compounds, use of 2,4-dinitrophenylhydrazine for the purification of technical isoprene from - 3, 198
Carriers, a basis for selecting - for Co-catalysts during the synthesis of hydrocarbons from CO and H_2 4, 242
Catalysts, a basis for selecting carriers for Co- - during the synthesis of hydrocarbons from CO and H_2 4, 242
Catalysts, interaction of benzene with propylene and di-isopropylbenzenes in hydrogen media on bifunctional zeolite - 2, 98
Catalysts, isomerization of hydrocarbons in the presence of zeolite-containing - 1, 61
Catalysts, study of copper-bearing - used for methanol synthesis 2, 106
Catalysts, synthesis of hydrocarbons from CO and H_2 on Co–$MgAl_2O_4$ - 3, 193
Catalysts containing superhigh-silica zeolites, aromatic hydrocarbons formed from synthesis gas on - 4, 239
***p*-Chlorophenylthioacetamides** as lubricant additives 1, 79
Coal, chemical composition of extracts from Polish bituminous - 3, 149
Coal, hydrocarbons of the soluble part of - 4, 232
Cyclanes of napthalane crude oil 1, 47
Cyclohexane, kinetics and selectivity of oxidation of saturated hydrocarbons in sulphuric acid media containing anthracene and - oligomers 1, 19

Dehydrogenation of cyclic hydrocarbons on IIIa group metal phosphates 1, 67
Diamantane and 4-methyldiamantane in naphthalane and Russian crude oils 3, 182
Diesel fuel, comparative characteristics of methods of separation of nitrogen compounds from - 4, 247
Diethyldithiocarbamic acid ester, mechanism of formation of oil additives of the - 2, 112
Di-isooctyl ester, kinetics of oxidation of - of sebacic acid and pentaerythritol ester of fatty acids 1, 74
Di-isopropylbenzenes, interaction of benzene with propylene and - in hydrogen media on bifunctional zeolite catalysts 2, 98
Dimethylsulphide, liquid-phase oxidation with oxygen of - into dimethylsulphoxide 3, 160
Dimethylsulphoxide, liquid-phase oxidation with oxygen of dimethylsulphide into - 3, 160

2,4-Dinitrophenylhydrazine, use of - for purification of technical isoprene from carbonyl compounds 3, 198
Distillates, structural-group composition of sulphides of 360° to 410°C - of Samotlor crude oil 3, 173

Extracts, chemical composition of - from Polish bituminous coal 3, 149
Fatty acids, kinetics of oxidation of di-isooctyl ester of sebacic acid and pentaerythritol ester of - 1, 74
Fractions, formation of anisotropic structures during heat-treatment of pyrolytic pitch - 3, 201

Gas, aromatic hydrocarbons formed from synthesis - on catalysts containing super-high-silica zeolites 4, 239
Gas condensate, structural-group composition of organosulphur compounds of - from the Urtabulak deposit of Uzbekistan 2, 129

Heterocyclic petroleum compounds, composition of concentrates of - isolated by complex-formation with titanium tetrachloride 3, 186
Hydrocarbon composition of crude oils near the Caspian depression 3, 141
Hydrocarbons, a basis for selecting carriers for Co-catalysts during the synthesis of - from CO and H_2 4, 242
Hydrocarbons, aromatic - formed from synthesis gas on catalysts containing super-high-silica zeolites 4, 239
Hydrocarbons, dehydrogenation of cyclic - on IIIa group metal phosphates 1, 67
Hydrocarbons, hexacyclic monoaromatic - of petroleum 1, 53
Hydrocarbons, isomerization of - in the presence of zeolite-containing catalysts 1, 61
Hydrocarbons, kinetics and selectivity of oxidation of saturated - in sulphuric acid media containing anthracene and cyclohexane oligomers 1, 19
Hydrocarbons of the soluble part of coal 4, 232
Hydrocarbons, relative rates of thermal breakdown of individual - 2, 93
Hydrocarbons, synthesis of - from CO and H_2 on Co–$MgAl_2O_4$ catalysts 3, 193
Hydrogen, interaction of benzene with propylene and di-isopropylbenzenes in - media on bifunctional zeolite catalysts 2, 98

Inhibitors, the practice of using phenol - in obtaining monomers 1, 27
Isomerization of hydrocarbons in the presence of zeolite-containing catalysts 1, 61
Isoprenane chains, C_{12}–C_{30} petroleum alkylbenzenes with regular - 4, 217
Isoprenanes of Polish crude oils 3, 178
Isoprene, use of 2,4-dinitrophenylhydrazine for the purification of technical - from carbonyl compounds 3, 198

Kinetics and selectivity of oxidation of saturated hydrocarbons in sulphuric acid media containing anthracene and cyclohexane oligomers 1, 19
Kinetics of oxidation of di-isooctyl ester of sebacic acid and pentaerythritol ester of fatty acids 1, 74

Liquid-phase oxidation with oxygen of dimethylsulphide into dimethylsulphoxide 3, 160
Liquid-phase photochemical oxidation of benz(a)pyrene and some polycyclic arenes 3, 156
Lower carboxylic acids of West Siberian crude oil 1, 40
Lubricant additives, *p*-Chlorophenylthioacetamides as - 1, 79

Mass-spectrometric study of products of selective bromination of vanadylporphyrin cuts of petroleums 2, 117

Methanol, study of copper-bearing catalysts used for - synthesis 2, 106
4-Methyldiamantane, diamantane and - in naphthalane and Russian crude oils 3, 182
Monomers, the practice of using phenol inhibitors in obtaining - 1, 27

Naphthalane, diamantane and 4-methyldiamantane in - and Russian crude oils 3, 182
Nitrogen compounds, comparative characteristics of methods of separation of - from diesel fuel 4, 247

Oil, cyclanes of naphthalane crude- 1, 47
Oil, lower carboxylic acids of West Siberian crude - 1, 40
Oil, structural-group composition of sulphides of 360° to 410°C distillates of Samotlor crude - 3, 173
Oil additives, mechanism of formation of - of the diethyldithiocarbamic acid ester type 2, 112
Oils, acidic and basic components in crude - of West Siberia 1, 31
Oils, C_{12}–C_{30} n-alkylbenzenes in crude - 1, 1
Oils, diamantane and 4-methyldiamantane in naphthalane and Russian crude - 3, 182
Oils, hydrocarbon composition of crude - near the Caspian depression 3, 141
Oils, isoprenanes of Polish crude - 3, 178
Oligomers, kinetics and selectivity of oxidation of saturated hydrocarbons in sulphuric acid media containing anthracene and cyclohexane - 1, 19
Organosulphur compounds, structural-group composition of - of gas condensate from the Urtabulak deposit of Uzbekistan 2, 129
Organosulphur model compounds, separation of - of different structures on polystyrene gel 1, 13
Oxidation, inhibition in combined liquid-phase photochemical - of benz(a)pyrene and some polycyclic arenes 3, 156
Oxidation, kinetics and selectivity of - of saturated hydrocarbons in sulphuric acid media containing anthracene and cyclohexane oligomers 1, 19
Oxidation, kinetics of - of di-isooctyl of sebacic acid and pentaerythritol ester of fatty acids 1, 74
Oxidation, liquid-phase - with oxygen of dimethylsulphide into dimethylsulphoxide 3, 160
Oxygen, liquid-phase oxidation with - of dimethylsulphide into dimethylsulphoxide 3, 160
Ozocerite, chemical composition of Borislav - 4, 226

Pentaerythritol ester, kinetics of oxidation of di-isooctyl ester of sebacic acid and - of fatty acids 1, 74
Petroleum, composition of vanadylporphyrins obtained from West Surgut - 3, 168
Petroleum, hexacyclic monoaromatic hydrocarbons of - 1, 53
Petroleum residues, separation of - by complex-formation with $TiCl_4$ 2, 123
Phenol, the practice of using - inhibitors in obtaining monomers 1, 27
Phosphates, dehydrogenation of cyclic hydrocarbons on IIIa group metal - 1, 67
Polycyclic arenes, inhibition in combined liquid-phase photochemical oxidation of benz(a)pyrene and some - 3, 156
Polystyrene gel, separation of organosulphur model compounds of different structures on - 1, 13
Propylene, interaction of benzene with - and di-isopropylbenzenes in hydrogen media on bifunctional zeolite catalysts 2, 98

Sebacic acid, kinetics of oxidation of di-isooctyl ester of - and pentaerythritol ester of fatty acids 1, 74

Sulphides, structural-group composition of - of 360° to 410°C distillates of Samotlor crude oil **3,** 173
Sulphuric acid, kinetics and selectivity of oxidation of saturated hydrocarbons in - media containing anthracene and cyclohexane oligomers **1,** 19
Synthesis, a basis for selecting carriers for Co-catalysts during the - of hydrocarbons from CO and H_2 **4,** 242
Synthesis of hydrocarbons from CO and H_2 on Co–$MgAl_2O_4$ catalysts **3,** 193
Synthesis, study of copper-bearing catalysts used for methanol - **2,** 106

Thermal breakdown, relative rates of - of invividual hydrocarbons **2,** 93
Titanium tetrachloride, composition of concentrates of heterocyclic petroleum compounds isolated by complex-formation with - **3,** 186

Vanadylporphyrin, mass-spectrometric study of products of selective bromination of - cuts of petroleums **2,** 117
Vanadylporphyrins, composition of - obtained from West Surgut petroleum **3,** 168
